1. Pursuant to your discussion with [REDACTED] of 25 September, we enclose an initial outline of our ideas for TSS participation in subject course (Attachment A). We favor the proposal and will be pleased to cooperate any way we can to make such a course interesting and productive.

2. You will recall the Inspector General made considerable case of the lack of information about TSS by senior personnel at the field stations visited (Attachment B). Such a course could help correct this lack.
